### Everest Group Positions L&T Technology Services as a global 'Leader' in Embedded System Engineering Services

*LTTS recognized for strong domain expertise in core verticals such as automotive, telecom and semiconductors; favorable market-client recognition*

**Bengaluru, October 09, 2018:** L&T Technology Services (NSE: LTTS), a leading global pure play engineering services company, has been recognized as a 'Leader' in Embedded System Engineering Services by the consulting and research firm, **Everest Group**. In its report 'Embedded Systems Engineering Services PEAK Matrix™ Assessment', Everest Group has identified LTTS among the top 3 leading companies in the market.

 **LTTS NAMED A LEADER IN  
EMBEDDED SYSTEMS ENGINEERING SERVICES  
BY EVEREST GROUP** 

#### KEY PROPRIETARY LTTS SOLUTIONS

- INTELLIPRETER  
(Smart Analytics solutions)
- MIDI-IP (Digital Controller)
- VANGEN V2.0  
(Data Annotation for autonomous cars)
- NB-IoT Protocol stack
- UBIQWeise 2.0™
- Extended Depth of Field Solutions

#### RECENT EMBEDDED ENGINEERING INVESTMENTS

- Cybersecurity Center of Excellence in Israel
- 5G Center of Excellence
- D-Space/ HIL Lab
- Power Electronics Center of Excellence
- Electric Vehicle Center of Excellence

As part of this report Everest Group classified 14 service providers on the PEAK Matrix™ into Leaders, Major Contenders and Aspirants. LTTS was evaluated across a range of performance parameters such as Services, Products, Solutions and Locations and positioned as a 'Leader'. In the report, Everest Group recognized LTTS for its balanced presence across all the key service segments and value chain functions and strong domain expertise in core verticals such as automotive, telecom and semiconductors.

**Bhupendra Bhate, Chief Operating Officer and Whole-Time Director at L&T Technology Services** said, “LTTS’ recognition as a Leader by Everest Group reaffirms our commitment to delivering world-class solutions and being a partner of choice to our customers. LTTS has been actively investing in emerging technologies to create accelerators for the market in the areas of model-based design, virtual prototyping, predictive maintenance, 3D printing and AR/ VR. We will continue to pursue initiatives to advance our capabilities in embedded systems engineering space”.

“L&T Technology Services’ end-to-end engineering expertise across the embedded systems space, a global customer base and a strong partnership network have helped the company position itself as partner of choice in embedded systems space.” **said Chirajeet Sengupta, Partner, Everest Group.** “The market acknowledges LTTS’ strong project management capabilities and its services for program management in manufacturing that led to several significant project wins from global enterprises.”

### **About L&T Technology Services Ltd**

L&T Technology Services Limited (LTTS) is a listed subsidiary of Larsen & Toubro Limited focused on Engineering and R&D (ER&D) services. We offer consultancy, design, development and testing services across the product and process development life cycle. Our customer base includes 52 Fortune 500 companies and 51 of the world’s top ER&D companies, across industrial products, medical devices, transportation, telecom & hi-tech, and the process industries. Headquartered in India, we have over 13,000 employees spread across 16 global design centers, 27 global sales offices and 42 innovation labs as of June 30, 2018.
