“The depth that L&T Technology Services brings to engineering solutions because of its extensive range of over 31 labs and 174 patent filings gives the company a clear edge in the product engineering space and has made it one of the largest pure-play engineering services company in the world, providing exciting new solutions to more than 50 Fortune 500 customers,” said **Mr Sidhant Rastogi, Partner & Practice Head, Zinnov**.

Mr Bhupendra Bhate, Chief Delivery Officer, L&T Technology Services, said “Zinnov’s leadership ratings are a testimony to the unique propositions that L&T Technology Services offers to its global clientele. Our focus on innovation and cross pollination of technologies have enabled us to become the premier engineering partner for 43 of the world’s largest global R&D spenders, most of whom have rewarded us with repeat business. Our end to end solutions across the product development lifecycle and expanding portfolio of patents give us the ability to address rapid shifts in technology, thereby making us a transformational partner for our clients”.

Zinnov Zones is an annual rating published by Zinnov which rates Service Providers based on their competencies and capabilities. Since 2009, Zinnov Zones (previously known as GSPR - Global Service Provider Ratings) has become one of the most trusted reports globally, for both enterprises and service providers to better understand the vendor eco-system in multiple domains.
